

Amendments to the Specification:

Please replace the paragraph beginning on line 21 of page 23 of the specification with the following amended paragraph:

-- Other types of data interfaces and protocols are contemplated as described above. In particular, as represented by the “lightning bolt” symbol in FIG. 3, coordinator 310 may be configured to transmit data to, and receive data from, controller 320 using wireless IR or RF signals, for example, or other forms of wireless communication. In a wireless embodiment, coordinator 310 and controller 320 may be capable of communicating via the ~~Bluetooth(TM)~~ Bluetooth® standard, for example. --
